

Meeting to Discuss Investigation and Remediation Plans for the Former CEE/ InteliData Facility
June 27, 2006, 10:30 a.m
80 Pickett District Road, New Milford, CT

Participants:

U.S. Environmental Protection Agency
Stephanie Carr
RCRA Facility Manager

Todd Quillen
TechLaw Inc. (under contract to EPA)

CT Dept. of Environmental Protection
Gennady Shteynberg

Former CEE/ InteliData
Andrew Davis, Partner
LeBoeuf, Lamb, Greene & MacRae, LLP

Kevin P. King, LEP
Environmental Resources Management

Robert J. Drake, P.E., Ph.D., LEP
Environmental Resources Management

Purpose of Meeting:

To discuss investigation and remediation plans for former CEE/InteliData property.

Desired Outcomes:

To come to agreement on:

- existing data gaps for achieving the goals Migration of Contaminated Groundwater Under Control environmental indicator, for selecting a RCRA Corrective Action site-wide remedy, and for documenting that remedy construction is complete;
- conceptual plans for filling those data gaps; and
- a schedule for the next steps toward achieving the above goals.

Agenda:

I. Introductions and Site-Walk

Kevin King and Bob
Drake

II. Summary of status of investigation and remediation and anticipated data needs for Migration of Contaminated Groundwater Under Control environmental indicator, for selecting a RCRA Corrective Action site-wide remedy, and for documenting that remedy construction is complete

Kevin King and Bob
Drake

III. Discussion of items identified in EPA's draft letter transmitted by e-mail on May 2, 2006 responding to December 19, 2005 letter from ERM

All

- characterizing the nature and extent of contaminants in overburden and bedrock groundwater
- providing notice to property owner of potential for VOCs to enter facility building
- other issues

RDMS DocID

104505

IV. Next Steps

Note: No attorneys from EPA or DEP are attending this meeting. EPA requested this meeting to discuss data needs for achieving RCRA Corrective milestones. Therefore, the focus of discussion at the meeting will be on technical issues as opposed to legal requirements.
